

How to submit updated MARC or Patron records via ShareFile:

URL: <https://agcloud.auto-graphics.com/index.php/s/FBUmxP6TNDIF63n>

Password: srcs4ag

If you upload a file, please alert Ramiro Castillo (rcr@auto-graphics.com) that a file has been sent.

MARC uploads:

- Anything loaded into this database will be considered loanable in SRCS, so don't load anything that you wouldn't want to lend.
- The ideal format is to have the 852 location embedded in the MARC record.

Patron updates:

- Patron maintenance may be conducted manually directly within SRCS/SHAREit on a case-by-case basis; or, until such time that the function is operating properly within the system, Auto-Graphics can script patron changes as desired. For example, "please delete all of the listed patrons"; or, "please add the following batch of patrons"; etc.
